DWELLING CHARACTERISTICS  
OF IMMIGRANT HOUSEHOLDS

# Logement

CARACTÉRISTIQUES DES LOGEMENTS  
DES MÉNAGES IMMIGRANTS

## INTRODUCTION

Final figures from the 1971 Housing Census are shown in this report which is one of a series comprising Volume II (Part 4) of the 1971 Census. Occupied dwellings are classified by period of immigration of household head, showing type of dwelling and tenure, specified household and dwelling attributes, household facilities, length of occupancy and period of construction, for the following areas:

- (i) Canada and provinces, urban and rural (Tables 48, 50, 52, 54);
- (ii) census metropolitan areas (Tables 49, 51, 53, 55).

The information in this report was weighted from a 33 1/3% sample of the dwelling universe. As a result, the distributions of dwellings for certain variables may differ slightly from those published in other reports and the number of occupied dwellings for a given geographic area may differ from that shown in reports containing data collected on a 100% basis. The latter figures, of course, represent the official count of occupied dwellings (see Catalogue No. 93-727). For an explanation of the difference between the household and dwelling universes, see the definition of "household".

The 1971 Census figures in this report have been subjected to a confidentiality procedure to prevent the possibility of associating small figures with any identifiable individual. The particular technique used is known as "random rounding". Under this method, all last or "unit" digits in a table (including all totals) are randomly rounded (either up or down) to "0" or "5". This technique provides the strongest possible protection against direct, residual, or negative disclosures without adding any significant error to the census data. However, since totals are independently rounded they do not necessarily equal the sum of individual rounded figures in distributions. Also, minor differences can be expected for corresponding totals and cell values in various census reports.

### MEASURES OF RELIABILITY

The estimates of the mean square error for the characteristics covered in this report were not available at the time of publication. They will be available in the introductory report to this volume (Catalogue No. 93-734). Those users requiring this information prior to the release of the introductory report should contact the Census User Inquiry Service.

**Note:** There is evidence of a significant response bias in the 1971 figures for "apartments" as compared to "single attached", particularly in the larger urban centres of Quebec. As a result, the 1971 figures for "single attached" are overstated at the expense of the "apartment" category. While it is not possible to assess the extent of the error at this time, its existence should be borne in mind when comparing earlier data with 1971 figures.

### DEFINITIONS

**Dwelling:** Refers to a structurally separate set of living quarters with a private entrance from outside or from a common hallway or stairway inside the building, i.e., the entrance must not be through someone else's living quarters.

**Owned:** Refers to a dwelling which is owned by some member of the household. This also includes dwellings under separate ownership in any multiple dwelling structure. A dwelling is classified as owned even though it may be mortgaged.

**Rented:** Refers to a dwelling which is not owned by any member of the household.

**Single detached:** This type is commonly called a "single house". A structure with only one dwelling, separated by open space from all other structures except its own garage or shed.

**Single attached:** This category includes dwelling units separated by a common wall extending from ground to roof. Single attached dwellings in structures consisting of only two dwelling units are classified as single attached (double). All other single attached dwellings, whether in rows of three or more dwellings, or simply a unit adjoining a store or other non-residential structure, are classified as single attached (other).

**Apartment:** These dwellings are also subdivided into two categories. Apartment (duplex) refers to each dwelling in a structure originally designed, or structurally converted, to provide two dwelling units, one above the other and adjoining no other structure. Apartment (other) includes all dwellings of the apartment-type other than the duplex-type mentioned above.

**Mobile:** Refers to any dwelling designed and actually movable, such as a trailer, railway car or boat, if occupied by persons with no other usual residence on census date. If placed on a permanent foundation, it is considered to be "single detached".

Ce bulletin qui fait partie d'une série du recensement de 1971 (volume II, partie 4) présente les chiffres définitifs du recensement de 1971 sur les logements. Les logements occupés sont classés selon la période d'immigration du chef de ménage par genre de logement et mode d'occupation, certains attributs de ménage et de logement, équipement ménager, durée d'occupation et période de construction, pour les secteurs suivants:

- i) Canada et provinces, régions urbaines et rurales (tableaux 48, 50, 52, 54);
- ii) régions métropolitaines de recensement (tableaux 49, 51, 53, 55).

Les renseignements de la présente publication ont été gonflés à partir d'un échantillon de 33 1/3 % de l'univers des logements. Il s'ensuit que les répartitions des logements pour certaines variables peuvent différer quelque peu de celles contenues dans d'autres bulletins et que le nombre de logements occupés pour une région géographique donnée n'est pas forcément le même que dans les publications renfermant des données intégrales. Bien entendu, c'est ce dernier chiffre qui représente le chiffre officiel des logements occupés (voir la publication n° 93-727 au catalogue). Pour l'explication de la différence entre l'univers des ménages et celui des logements, voir la définition de "ménage".

Par souci de confidentialité, les chiffres du recensement de 1971 publiés ici ont été soumis à une formule qui interdit la possibilité d'associer des chiffres de faible importance à une personne reconnaissable. Cette technique particulière s'appelle l'"arrondissement aléatoire". Grâce à cette méthode, tous les derniers chiffres, c'est-à-dire les chiffres des unités (y compris tous les totaux) des tableaux sont arrondis de façon aléatoire (vers le haut ou vers le bas) à "0" ou à "5". Cette technique assure la protection maximale contre la divulgation directe, négative ou par recoupements, sans ajouter d'erreur significative aux données. Toutefois, puisque les totaux sont arrondis séparément, ils ne sont pas nécessairement égaux à la somme des chiffres individuels arrondis dans les distributions. De plus, il faut s'attendre que les totaux et les autres chiffres correspondants dans divers bulletins du recensement présentent quelques légères différences.

### MESURES DE FIABILITÉ

Les estimations de l'erreur quadratique moyenne des caractéristiques données dans ce bulletin n'étaient pas connues au moment de la publication. Elles seront disponibles dans l'introduction de ce volume (n° 93-734 au catalogue). Les utilisateurs désireux de connaître ce renseignement avant la publication du bulletin d'introduction devront s'adresser au Service-utilisateurs du recensement.

**Nota:** Suivant certains indices, les chiffres de 1971 pour les "appartements" seraient entachés d'un important biais de réponse par rapport aux chiffres relatifs aux "logements individuels attenants", surtout dans les grands centres urbains du Québec. Il en découle que les chiffres de 1971 pour les "logements individuels attenants" sont surestimés, aux dépens des chiffres concernant les "appartements". Il est impossible d'évaluer actuellement la portée de cette erreur, mais il faudra en tenir compte lors des comparaisons de chiffres de 1971 avec ceux d'années antérieures.

### DÉFINITIONS

**Logement:** Ensemble structuralement distinct de pièces d'habitation ayant une entrée privée donnant sur l'extérieur ou sur un corridor ou un escalier commun à l'intérieur, c.-à-d. que l'entrée doit donner accès au logement sans qu'on ait à passer par les pièces d'habitation de quelqu'un d'autre.

**Possédé:** Logement qui appartient à un membre du ménage. Cela vaut également pour les logements appartenant à des propriétaires distincts dans les constructions à logements multiples. Un logement est classé comme "possédé" même s'il est hypothéqué.

**Loué:** Logement qui n'appartient pas à un membre du ménage.

**Individuel non attenant:** Ce genre de logement est ordinairement appelé "maison individuelle". Construction ne contenant qu'un seul logement et qui n'est rattachée à aucune autre construction, si ce n'est à un garage ou à un hangar en dépendant.

**Individuel attenant:** Cette catégorie comprend les logements séparés par un mur mitoyen s'élevant du sol au toit. Les logements individuels attenants dans une construction ne contenant que deux logements sont classés comme individuels attenants (maisons doubles). Tous les autres logements individuels attenants, qu'ils soient en rangée de trois logements ou plus ou qu'il s'agisse tout simplement de logements attenants à un magasin ou à une autre construction non résidentielle, sont classés comme individuels attenants (autres).

**Appartement:** Les appartements se divisent également en deux catégories. Un appartement (duplex) est un logement faisant partie d'une construction conçue à l'origine ou transformée par la suite pour contenir deux logements superposés et non attenants à une autre construction. Un "appartement (autre)" est un appartement autre qu'un logement faisant partie d'un duplex.

**Mobile:** Tout logement conçu pour être transporté et qui est effectivement mobile, comme une roulotte, un wagon de chemin de fer ou un bateau, s'il est occupé par des personnes n'ayant pas d'autre résidence habituelle le jour du recensement. S'il est placé sur une fondation permanente, il est considéré comme un logement individuel non attenant.

## DEFINITIONS — Concluded

**Length of occupancy:** The period of continuous occupancy of present dwelling by the head of the household.

**Period of construction:** Refers to the completion date of the original building. Figures for 1971 extend to June 1, 1971 only.

**Furnace heating:** Includes both steam or hot water and hot air furnaces; also installed electric heating systems.

**Value:** Figures for "value" relate to single detached owner-occupied non-farm dwellings, and are based on the amount expected by the owner if the dwelling were to be sold to a willing buyer.

**Cash rent:** Figures for "cash rent" relate to tenant-occupied non-farm dwellings and are based on the dollar amount required to secure occupancy, but not the ownership, of a dwelling for either the week or month prior to enumeration day. Averages have been determined on the basis of stated rent, excluding cases in which no cash rent was paid.

**Mortgage:** Refers to all debts on single detached dwellings owned and occupied by persons other than farm operators.

**Household:** For census purposes, a household consists of a person or group of persons occupying one dwelling. It usually consists of a family group with or without lodgers, employees, etc. However, it may consist of two or more families sharing a dwelling, of a group of unrelated persons or of one person living alone. Every person is a member of some household and there is a one-to-one relationship between households and occupied dwellings except in the case of certain special households, such as those of military and diplomatic personnel stationed overseas, from which no housing information was collected.

**Household head:** For census purposes, every household must have a head. This is the husband if both husband and wife are present, the parent (regardless of age or dependency) if living with unmarried children, or any member of a group sharing a dwelling equally.

**Lodger:** A lodger is a person living in a household who is unrelated to the head of household by blood or marriage, and is other than a partner or employee. An unrelated child for whom pay was received (e.g., a ward of the Children's Aid) is reported as a lodger.

**Period of immigration:** Refers to the year (or period) when the household heads born outside Canada first came to live in Canada.

**Rooms:** Refers to an enclosed area within a dwelling which is finished and suitable for year-round living. Partially divided L-shaped rooms are considered to be separate rooms if they are considered as such by the respondent (e.g., L-shaped dining-room living-room arrangements). Not counted as rooms are bathrooms, clothes closets, pantries, halls and rooms solely used for business purposes.

**Bedrooms:** Refers to all rooms designed and furnished to be used primarily as sleeping quarters even if they are only used for such purposes infrequently.

**Water supply:** Refers to water which is piped inside the dwelling and controlled by a tap.

**Flush toilet:** Refers to a toilet connected to a drainage system and operated by means of water piped into it. "Exclusive use" refers to use by members of one household only.

**Bath facilities:** Refers to installed bath or shower facilities connected to a drain using piped running water and controlled by a tap. "Exclusive use" refers to use by members of one household only.

**Refrigerator:** Refers to a gas or electric-powered household facility designed and used for cold storage of foods. This includes combination refrigerators with freezing compartments. Separate home freezers are excluded.

**Home freezer:** Refers to a separate gas or electric-powered household facility designed and used for the storage of frozen food, exclusive of refrigerators and their freezer compartments.

**Automatic clothes dryer:** Refers to a gas or electric-powered household facility designed and used for the purpose of drying clothes.

**Television:** Refers to both portable, console and combination models, powered by either battery or regular electrical sources, and belonging to any member of the household including relatives and lodgers.

**Owned vacation home:** A home owned by a member of the household and used only for vacation and recreational purposes on a seasonal basis. Hunting cabins, ski chalets and summer cottages are examples, as is any other dwelling used mainly for recreational purposes. This does not include trailers, cabin cruisers, houseboats, etc.

**Automobiles:** Passenger vehicles available for personal use by any member of the household.

Definitions of these and other terms, including geographic terms, used technically in this report are discussed in the Introductory Report to Volume II, Part 4 (2.4.1).

## DÉFINITIONS — fin

**Durée d'occupation:** Période durant laquelle le chef de ménage a demeuré de façon ininterrompue dans son logement.

**Période de construction:** Date où la construction initiale du logement a été achevée. Les chiffres de 1971 visent la période allant jusqu'au 1<sup>er</sup> juin 1971 seulement.

**Système de chauffage:** À vapeur, à eau chaude ou à air chaud; ainsi que le système à l'électricité.

**Valeur:** Les chiffres relatifs à la valeur se rapportent aux logements individuels non agricoles, non attenant occupés par leur propriétaire et sont fondés sur le montant que s'attendrait de recevoir le propriétaire s'il vendait le logement à un acheteur libre.

**Loyer en espèces:** Les chiffres relatifs au loyer en espèces se rapportent aux logements non agricoles occupés par un locataire et sont fondés sur la somme versée pour avoir le droit d'occuper un logement (sans en être le propriétaire) pendant la semaine ou le mois précédant le jour du dénombrement. Les moyennes ont été déterminées sur la base du loyer déclaré, sans les cas où il n'est pas payé de loyer en espèces.

**Hypothèque:** Toute dette grevant un logement individuel non attenant possédé et occupé par des personnes autres que des exploitants agricoles.

**Ménage:** Aux fins du recensement, un ménage est formé d'une personne ou d'un groupe de personnes occupant un même logement. Il se compose ordinairement d'un groupe familial, avec ou sans chambreurs, employés, etc. Il peut aussi se composer d'un groupe de personnes non apparentées, de deux familles ou plus partageant le même logement ou d'une personne seule. Tout le monde est membre d'un ménage et le nombre de ménages est égal au nombre de logements occupés, sauf dans certains cas particuliers, comme dans celui des militaires et des diplomates postés outre-mer, pour lesquels on n'a pas recueilli de renseignements relatifs au logement.

**Chef de ménage:** Aux fins du recensement, chaque ménage doit avoir un chef. Le chef est l'époux lorsque les deux conjoints sont présents, le père ou la mère (quel que soit l'âge ou le lien de dépendance) s'il n'y en a qu'un des deux avec des enfants non mariés, ou n'importe quel membre d'un groupe se partageant un logement à parts égales.

**Chambreur:** Membre d'un ménage qui n'est pas apparenté (par le sang ou par alliance) au chef de ménage et qui n'est pas un associé ou un employé. Un enfant non apparenté pour la garde duquel il est versé une rétribution (par ex., un pupille de l'Aide à l'enfance) est considéré comme "chambreur".

**Période d'immigration:** Année (ou période) où les chefs de ménage nés à l'extérieur du Canada sont arrivés au Canada pour la première fois avec l'intention d'y demeurer.

**Pièces:** Dans un logement, espace fermé qui est fini et habitable toute l'année. Les pièces partiellement divisées en forme de "L" sont considérées comme formant deux pièces distinctes si le recensé les juge distinctes (par ex., les salons-salles à manger en forme de L). Ne sont pas comptés comme pièces les salles de bains, les garde-robes, les dépenses, les vestibules ou couloirs et les pièces servant exclusivement à des fins commerciales.

**Chambres à coucher:** Toute pièce conçue et meublée pour servir surtout de chambre à coucher, même si elle sert rarement comme telle.

**Eau courante:** Eau qui est amenée par un conduit à l'intérieur du logement et dont le débit est réglé par un robinet.

**Toilette avec chasse d'eau:** Toilette raccordée à un système d'écoulement et qui est actionnée par de l'eau courante. Les installations sont à "usage exclusif" lorsqu'elles sont utilisées par les membres d'un ménage seulement.

**Installations sanitaires:** Baignoire ou douche installée raccordée à un tuyau d'eau courante et munie d'un robinet et d'un tuyau d'écoulement. Les installations sont à "usage exclusif" lorsqu'elles sont utilisées par les membres d'un ménage seulement.

**Réfrigérateur:** Appareil ménager, électrique ou à gaz, conçu et utilisé pour conserver les aliments au froid, y compris les réfrigérateurs avec compartiment de congélation. Les congélateurs distincts ne sont pas comptés.

**Congélateur:** Appareil ménager, électrique ou à gaz, conçu et utilisé pour conserver les aliments congelés, à l'exclusion des réfrigérateurs et des compartiments de congélation des réfrigérateurs.

**Sècheuse automatique:** Appareil ménager, électrique ou à gaz, conçu et utilisé pour sécher le linge.

**Téléviseur:** Téléviseur portatif, meuble ou combiné, électrique ou à piles, appartenant à un membre du ménage, y compris à un parent ou à un chambreur.

**Maison de villégiature possédée:** Habitation appartenant à un membre du ménage et utilisée en saison comme lieu de villégiature et pour les loisirs, par exemple, une cabane de chasse, un chalet de ski, un chalet d'été, ou n'importe quel logement servant surtout aux loisirs. Ne sont pas compris les roulottes, les bateaux, etc.

**Automobile:** Voiture particulière disponible pour l'usage personnel d'un membre du ménage.

Les définitions de ces termes et des autres termes techniques, y compris les termes géographiques employés dans le présent bulletin sont étudiées dans l'Introduction au volume II, partie 4 (2.4.1).

## Publications of the Census of Canada, 1971

This report is one of the Volume Series of publications of the 1971 Censuses of Population, Housing and Agriculture. Altogether, there are some 225 reports in this series prepared in such a way that by removal of their covers the contents can be combined to form the materials comprising the 6 volumes and 25 separate volume parts in the entire series. A hard-covered binder, suitably titled, is included in the composite price to purchasers of the complete set of reports for any given volume part.

### Catalogue of reports

A catalogue is available which describes the individual reports in the Volume Series of 1971 Census publications as well as reports in other series (i.e., Advance Series, Census Tract Series, and Special Series). The catalogue also includes a price list and an order form. A copy of this catalogue may be obtained from Publications Distribution, Statistics Canada, Ottawa K1A 0T6. For further information on census publications, address your inquiry to Information Division, Statistics Canada.

### How to order reports

Orders for reports may be sent to Publications Distribution, Statistics Canada, Ottawa K1A 0T6, or to Publishing Division, Information Canada, Ottawa K1A 0S9. Enclose payment with your order in the form of a cheque or money order made payable to the Receiver General of Canada. If more convenient, census publications may be ordered from Information Canada bookstores in Halifax, Montreal, Ottawa, Toronto, Winnipeg, or Vancouver. For other details concerning deposit accounts, bulk orders, etc., contact Publications Distribution, Statistics Canada.

### Other forms of publication

In addition to the tabulated results of the 1971 Census published in reports and bulletins, a large number of tables will be issued to users as copies of computer print-outs. These will also be available in microform. A variety of statistical tables may be purchased on computer "summary" tapes for further computer analysis by users. Details of the content, prices, and availability of census tabulations in these output media may be obtained from the User Inquiry Service, Census Field, Statistics Canada, Ottawa K1A 0T7.

### Special tabulations

To the extent that confidentiality constraints permit, Statistics Canada will produce for users at cost, special tabulations not already included in the planned tabulation programme. Requests should be sent to the Census User Inquiry Service specifying clearly the precise classifications or cross-classifications and the geographic areas. The exact categories for each characteristic and a rough table layout should be included.

### Maps and geographic files

Large-scale maps may be purchased to show the boundaries of enumeration areas (i.e., the territory covered by each Census Representative in taking the census), as well as small-scale maps of census divisions and other statistical areas. Supporting documentation relating to the census geographic files (i.e., place names, codes, etc.) are available in tabular form identifying the component enumeration areas of administrative and statistical units (e.g., towns, villages, municipalities, tracts). Further details, including costs to users, may be obtained from the User Inquiry Service of the Census Field of Statistics Canada.

## Publications du recensement du Canada de 1971

Le présent bulletin fait partie de la série des volumes des recensements de la population, du logement et de l'agriculture de 1971. Cette série compte au total environ 225 bulletins présentés de telle sorte qu'en retirant leur couverture l'utilisateur peut les réunir et constituer ainsi les 6 volumes de la série, qui comprennent 25 parties distinctes. Un auto-relieur à couverture rigide portant le titre approprié est compris dans le prix d'achat de la série complète des bulletins constituant une partie de volume.

### Catalogue

On peut se procurer un catalogue qui décrit chaque bulletin de la série des volumes du recensement de 1971, ainsi que les bulletins des autres séries (série préliminaire, série des secteurs de recensement et série spéciale). Le catalogue contient également une liste de prix et une formule de commande. On peut obtenir un exemplaire de ce catalogue en s'adressant à la Distribution des publications, Statistique Canada, Ottawa K1A 0T6. Pour tout renseignement complémentaire sur les publications du recensement, s'adresser à la Division de l'information de Statistique Canada.

### Commandes de bulletins

Les commandes de bulletins peuvent être envoyées à la Distribution des publications, Statistique Canada, Ottawa K1A 0T6, ou à la Division de l'édition, Information Canada, Ottawa K1A 0S9. Toute commande doit être accompagnée d'un chèque ou d'un mandat établi à l'ordre du Receveur général du Canada. On peut aussi commander les publications du recensement aux librairies d'Information Canada de Halifax, de Montréal, d'Ottawa, de Toronto, de Winnipeg et de Vancouver. Pour plus de détails sur les comptes de dépôt, les commandes en gros, etc., s'adresser à la Distribution des publications, Statistique Canada.

### Autres formes de publication

En plus des diverses publications contenant les résultats du recensement de 1971, de nombreux tableaux seront mis à la disposition des utilisateurs sous forme d'états mécanographiés. Ces tableaux seront également disponibles en microcopie. Les utilisateurs désireux de faire des analyses par des moyens mécanographiques pourront également se procurer un large éventail de tableaux statistiques sur bandes "sommaries". Pour tout renseignement sur le contenu, le prix et la disponibilité des résultats du recensement sur ces supports, s'adresser au Service-utilisateurs, Secteur du recensement, Statistique Canada, Ottawa K1A 0T7.

### Totalisations spéciales

Dans la mesure où le respect du secret des données le permettra, Statistique Canada établira, à l'intention des utilisateurs qui en acquitteront les frais, des totalisations spéciales qui ne font pas encore partie du programme d'exploitation prévu. Il faut envoyer les demandes au Service-utilisateurs des données du recensement en précisant bien les classements ou recoupements et les régions géographiques. Il faut inclure les catégories exactes pour chaque caractéristique et une ébauche de la disposition des tableaux.

### Cartes et fichiers géographiques

Les utilisateurs pourront se procurer des cartes à grande échelle indiquant les limites des secteurs de dénombrement (c.-à-d. des territoires recensés par chaque représentant du recensement) ainsi que des cartes à petite échelle des divisions de recensement et des autres secteurs statistiques. Les documents constituant les fichiers géographiques (noms, codes, etc. géographiques) sont disponibles sous forme de tableaux présentant les différents secteurs de dénombrement qui constituent les unités administratives et statistiques (par ex., villes, villages, municipalités et secteurs de recensement). Pour plus de détails et pour une indication des frais, s'adresser au Service-utilisateurs du Secteur du recensement de Statistique Canada.
